**Evergreen Liners under lath shade**

Stock we have coming off during the season of Fall 1949 and Spring 1950 will compare with the best we have had in our fifty-one years of operation. Our plantings have done remarkably well and growth has been as good or better than average in almost every instance. We would like to call particular attention to the many items which have been added to our list this year and which we feel should be attractive, particularly for landscape work. Reference is made to Kerria japonica, Pyracantha coccinea Lalandi, Hybrid Lilacs, Viburnum Carlesi, Cornus florida rubra, Laburnum Vossi and many others.

We believe our prices are competitive and as low as consistent with the shipment of top-quality nursery stock. It is our opinion that prices will remain fairly firm for the entire season inasmuch as it appears that good ornamentals are in heavy demand and the supply is limited. In view of this fact, we earnestly recommend that you place your order as soon as convenient to insure getting the stock you need.

We extend a cordial invitation to all nurserymen to visit our nursery. We are always appreciative of the opportunity of showing our stock in the fields as well as our warehouses and greenhouses.

Our main office is nine miles east of Hartford, Conn., near Routes 6, 15 and 44. We will meet you at Hartford or Springfield, Mass., if you notify us when and where you will arrive.

**MANCHESTER · CONNECTICUT**

*"Growing since '98"*

**Members of American Association of Nurserymen, New England Nurserymen's Association, and Connecticut Nurserymen's Association.**

**All stock graded according to American Association of Nurserymen's standards.**

**Terms and Conditions of Sale:**

These prices are wholesale and apply only to wholesale quantities. They are based on present market conditions and subject to change without notice.

**Terms:** 2% 10 days; Net 60 days. C. O. D. orders to be accompanied by 25% of face amount of order. Cash, security or satisfactory references are required from unknown parties.

**We Do Not Break Bundles.** All orders must be made up in 10 of a variety or multiples of 10 except Evergreens and Ornamental Trees.

**Shipping.** We welcome customers' instructions regarding shipping. In the absence of definite instructions we will use our own judgment, with the distinct understanding that it is without responsibility on our part. A charge will be made for boxing and crating except when cash accompanies order. Boxing and crating charges will be made for all evergreen and shade trees.

**Claims** for shortages, unsatisfactory stock or for any cause whatsoever must be made in writing direct to the home office within ten days from receipt of shipment.

Correspondents are requested to use their business letterhead to identify them as being entitled to wholesale prices. We do not quote prices to retail buyers.

We have limited quantities of items other than those listed. Mail your want list to our Manchester office.

If you need urgent handling and quick delivery of your order, we have a direct Western Union wire in our office.

**OFFICE PHONE NUMBERS**

# ORNAMENTAL SHRUBS

Your shrubs from the Burr Nurseries are transplanted, field-grown plants, two and three years old. They are produced in the famed Connecticut Valley, renowned for its production of quality agricultural crops.

We welcome your inspection of these fine shrubs throughout the year, either in the field or in our warehouses. The plants are propagated, transplanted and grown on in well-spaced, fertilized and cultivated rows. They are pruned, dug and graded to assure you of well-branched, heavy-rooted, northern-grown ornamentals.

# ROSES

You will be pleased with the development and luxuriant growth of Burr Roses. They are budded on Rosa multi-flora, the hardiest and the least suckering of Rose understocks. The plants have been fertilized at the proper time, well cultivated and adequately dusted during the growing season to make them vigorous and disease free.

# ORNAMENTAL TREES

The great increase in new housing has resulted in a very widespread demand for ornamental trees. It is our belief that this demand will continue to be strong for several years, and we feel that the ornamentals in our blocks at Ellington will prove profitable for you. They are grown in richly fertilized soil, spaced in wide rows and pruned to produce a desirable form. We have many varieties available that have been scarce in recent years.

# EVERGREENS

You may choose from acres of well-grown evergreens at our South Windsor farm. They are grown in soil especially well adapted to produce the fine fibrous root systems so essential to digging with a good firm ball. All our evergreens have tied balls, and whether you need ten or a carload you may be sure of buying well-sheared, root-pruned, properly fertilized trees.

# FRUIT TREES

Choice northern-grown fruit trees have been one of the featured items at Burr's for many years. As New England's largest fruit-tree growers, we are confident that your requirements will be satisfied here. All trees are grown by the most modern methods and all are graded to the standards of the American Association of Nurserymen.

The inspectors of the Massachusetts Fruit Growers Association offer inspection service for trueness-to-name and are regularly employed to inspect Burr blocks of fruit trees. The certificate issued to C. R. Burr & Co., Inc., as of September 7, 1949, reads as follows:

"All of the apple, pear, plum and sweet cherry varieties propagated and now growing in the nursery of C. R. Burr & Co., Inc., Manchester, Connecticut, have been examined by the Massachusetts Trueness-To-Name Inspection Service. To the best of our knowledge, these trees are true-to-name as they now stand in the nursery row."

Signed (A. P. French)"
